

La S. Hamilton to

Mallick 1777

Saturday Morning

1.50
Sir

I send the Bearer for the pass for
myself and baggage which You were pleased
to promise me; and at the same time I
desired a written protection for my House
and effects during my absence, if the
President and Council shall think fit to
grant it, as I know was done in the Cases
of Mr. Penn & Mr. Chew.

My people have been running about
all last night and this Morning, in search
of a Covered Cart or Waggon, but without
effect; I wish, if you know where one
may be had, you would please to direct
me.

I am Sir
your most humble
servant

James Hamilton

Mr. Mallick
